Grading and Condition

Superb	Extraordinary item in the finest condition.
Extremely Fine	Outstanding and exceptional quality.
Very Fine	Choice, first-class condition.
Fine-Very Fine (F-VF)	Stamp or cover in sound condition; if a stamp, it is slightly less well-centered than Very Fine but better centered than Fine.
Fine	Sound in all respects. Perforated stamps will have the designs clear of the perforations; the designs of imperforate stamps will not be cut in to any significant degree.
Very Good (VG)	Imperfect centering (stamps) or poor general appearance.

Any stamp faults such as a thin spot, tear, crease etc., will be described at all times. Postally used covers should be expected to have the normal degree of wear associated with them and this wear is not grounds for return. The grade of a cover is independent of the grade of the stamps on it. Covers from the famous Carroll-Hoy correspondence will normally have a small unobtrusive staple hole. In lots containing several items, degrees of condition denote the overwhelming average and examples above and below such condition can be expected.

Terms of Sale

Bidding

I. All bids (whether by floor bidders, mail bidders, or telephone bidders) will have a premium of 18% added to the auction sale price.

II. All bids are per lot as numbered in the catalog unless otherwise announced by the auctioneer at the time of sale. The right is reserved to withdraw any lot prior to sale, to divide a lot, or to group two or more lots, or to act on behalf of the seller. Schuyler Rumsey Philatelic Auctions, Inc. will execute bidding instructions on behalf of clients, but will not be responsible for any errors in the execution of such bids. Schuyler Rumsey Philatelic Auctions, Inc. is not liable for bidding errors related to live auction internet bidding and/or the loss of internet connection during the live auction.

III. The highest bidder shall prevail; lots are sold at one increment over the second highest bid. Should any dispute arise between bidders, the decision of the auctioneer as to the successful bidder and the reoffering or resale of the lot under dispute shall rest entirely on the judgment of the auctioneer. The auctioneer shall regulate the bidding and reserve the right to refuse any bid believed by him not to be made in good faith.

IV. Consignor has and retains the right to bid personally, or by his duly appointed agent, through the auctioneer, unless the sale is advertised and announced as one restricting such bidding by consignors or their agents.

Payments of Purchases

V. FLOOR BIDDERS. Floor bidders shall furnish the auctioneer their names and addresses prior to bidding on any lot. The name and address of the buyer of each lot shall be registered with the auction house following the sale of each lot. Payment of the whole purchase price shall be made by the floor buyer in such manner as the auctioneer may determine. Special credit arrangements must be made prior to the sale.

VI. MAIL BIDDERS. A successful mail bidder will be notified of lots purchased and must remit payment before the lots are sent. Auction bills are due and payable upon receipt of notification. If buyer's payment is not received within ten (10) days, Schuyler Rumsey Philatelic Auctions, Inc. may resell all lots without notice. Any and all losses incurred as a result of resale will be passed on to the defaulting buyer. Cost of postage, registration, etc. will be charged to buyer. Proof by the auctioneer of receipt of sending at the advised address shall constitute delivery.

VII. DIRECT DRAFTS/TRANSFERS. A successful mail bidder known to us may contact our office at (415) 781-5127 for the information necessary to pay directly into the vendor bank account. Any additional charges resulting from processing payments by this method shall be borne by the buyer. Method of payment should be noted on the bid sheet.

VIII. Title shall not pass to the buyer until full payment is received by Schuyler J. Rumsey Philatelic Auctions, Inc.

IX. All of our lots are sold as genuine. Lots accompanied by recent (within 5 years of sale date) expert certificates are sold “as is” based on the description in the certificate. The aforementioned expertised lots may not be returned under any circumstances including those instances in which subsequent certificates yield conflicting opinions. The accepted authorities for U.S. stamps are the Philatelic Foundation (P.F.), the Philatelic Stamp Authentication and Grading, Inc. (P.S.A.G.) and the Professional Stamp Expertizing Committee (P.S.E.). **In addition, a lot may not be returned because an expertising service grades a stamp lower than the grade stated in the description, or differs from the accompanying certificate.**

X. The Auctioneer must be notified within 5 business days from the date of the auction of any request to place a lot on extension for expertising. All extensions must be paid in full, in advance. There will be no exceptions and no lots may be returned under any circumstances if this term has not been strictly followed.

XI. All lots on extension must be submitted for expertising by the auctioneer exclusively. Each lot is sold as genuine, except those described “as is”, but when, in the opinion of a competent authority acceptable to Schuyler J. Rumsey Philatelic Auctions, Inc., the lot is declared otherwise, the purchase price will be refunded in full. The lot must be received by Schuyler J. Rumsey Philatelic Auctions, Inc. within a period of 21 days from the date of auction. Expenses incurred for purposes of expertising shall be borne by the purchaser except where the lot is found by said competent authority to be materially not as described, in which case the consignor will be responsible for expertising costs incurred. Proof of the inability of said competent authority to express a definite opinion is not grounds for return of an item.

XII. Any lot, description of which is incorrect, is returnable (A) within three (3) days of receipt and (B) if received by Schuyler J. Rumsey Philatelic Auctions, Inc. within twenty-one (21) days from the date of the auction. All disputed lots must be returned intact, in the condition received; no adjustments will be made. The following lots are not returnable: lots containing ten (10) or more items; lots from purchasers OR THEIR AGENTS who had the opportunity to examine them before the auction; items described as having defects or of a quality standard “Very Good” (V.G.) or below; lots with disputed centering or margins when the item is photographed; lots described “as is”.

XIII. JURISDICTION. In the event of any dispute between the auctioneer and bidders, or between any parties requesting inspection of any of the lots and the auctioneer, or between persons offering their lots to be auctioned and the auctioneer, the jurisdiction over the dispute shall be in the City and County of San Francisco, State of California.

XIV. In the event of any dispute, the prevailing party shall be entitled to court costs and reasonable attorney's fees.

XV. The California State Sales Tax - or that of another state as ordered by the laws of such a state (as appropriate) - is payable by buyers liable to tax. See below.

Sales Tax

This sale will be held in California and the buyer will be liable for any applicable sales tax for this auction. Any lots purchased by buyers in California or that of another state as ordered by the laws of such a state are subject to State Sales Tax unless:

1.) You have a verifiable resale license number, which must be on file with us prior to the Auction.

OR

A REMARKABLE KANGAROO & MAP ISSUE HIGH VALUE FRANKING ON A PARCEL TAG FOR SENDING GOLD BULLION TO THE SAN FRANCISCO MINT.

In Australia until at least 1925, gold bullion was a prohibited export. However by the 1930's gold bullion was routinely sent to the United States for refining. The shipment accompanying this tag mail from Perth W.A. (Feb 14, 1939) was probably one of the last exported, as during 1939 the export of gold was restricted and from then on, all gold produced within Australia was required to be lodged in a refined state with the Australian Commonwealth Bank.

The sender could then withdraw the letter and send it by any private ship of their choice. Such letters were known as "Post Paid Withdrawn Ship Letters".

Chicago, August 2nd, 1933.

My dear Mr. President:

I received the enclosed parcel from Cavaliere Serafini, the Governor of the Vatican City, in this morning's mail. Evidently the first issue of the new stamps are sent at the Holy Father's request to the members of the Sacred College of Cardinals. Postmaster General Farley told me recently that the President was an ardent stamp-collector. The thought at once occurred to me to send this first issue to you, and I would consider it a personal favor to me if you would accept them and add them to your collection. In this way I will feel I have contributed in a small way to its growth and importance. I hope the few week's stay at the home of your boyhood will help to give you the rest and strength you need for the very arduous task that is before you and that you are performing to the satisfaction of the entire citizenship of our country.

With sentiments of deep esteem and good wishes, I beg to remain,

My dear Mr. President,

Very sincerely yours,

George Cardinal Mundelein

Archbishop of Chicago.

The Honorable Franklin D. Roosevelt,
President of the United States,
Hyde Park,
New York.

When it was decided there would have to be a postal rate increase and new stamps would require months to prepare, it was suggested that some of the current stamps be overprinted. Two sheets of 100 were prepared of each value, with a thin essay surcharge. These essays were rejected by the postal authorities because the surcharge was not sufficiently visible. The printers were told to use a larger, bolder type which they did. One sheet of the 1.30 on 1.25 essay was mistakenly included among those intended for sale and was release to the public at postal station No. 1 of the Vatican City Post Office on June 18, 1934. This essay offered here is one of the few mint examples that exist, as most were used to send mail of the first day of issue.

Elijah Reed (1780-1851) was born in Stamford, Connecticut. In 1804, he married Hannah Seely (1782-1855), with whom he had at least nine children between 1806 and 1826. During the War of 1812, he served as captain of a company in the 34th Regiment to defend the coast against the incursions of the British. He served as a deacon in the Congregational Church of Darien. He died in Norwalk, Connecticut.

Connecticut generally disapproved of the War of 1812. Although the state raised more than 10,000 militiamen, it forbade them from leaving the state, and only about 3,000 served for a significant length of time. Connecticut contributed only about 320 men to the Regular Army. The state legislature did spend some money on internal defenses, including funds for 3,000 muskets, eight cannon, powder, and bullets. During the war, only one militia unit was dispatched for service outside of the state, and the governor soon recalled it. Typical Connecticut militia companies had 30 to 40 men. Their primary duty was to protect the state's coast, particularly harbors, the mouths of rivers, and other key positions. At the end of the war, Connecticut Governor Joseph Cotton Smith praised the militia for "their uniformly spirited and honorable conduct.".

In the spring of 1918, the government decided to relocate the internees to an Army camp at Fort Oglethorpe near Chattanooga, Tennessee, a prisoner of war camp. The Nick Kirke Collection of New York City Fancy Cancellations

This collection represents the distillation of thousands of covers processed in the Domestic department of the New York City Post Office. Although not every cancel design is shown, a majority, perhaps as much as 80%, are included.

Wherever possible, the clearest strikes on cover have been selected, which could be year dated, either from postal markings, or contemporary manuscript notes. It is estimated less than 5% of New York City covers qualify for inclusion in this collection based on these parameters. It means a relatively common geometric cancel becomes a scarcity, even a rarity, when well struck on a cover which can be dated.

Additionally, many covers show interesting frankings or usages including advertising covers, Wells Fargo usages and Patriotic covers.

Scott No. **825** . . . . . Estimate $5,000 - 7,500

A HISTORIC FLIGHT COVER FROM SAN FRANCISCO TO HONOLULU ON THE ANZAC CLIPPER, ARRIVING IN HAWAII LATE ENOUGH ON DECEMBER 7, 1941 FOR DIVERSION TO HILO AS THE BOMBS FELL ON PEARL HARBOR.

Ken Lawrence has written extensively on WWII postal history and the Pearl Harbor Day flight of the Anzac Clipper. In his Linn's article, "International airmail covers recall the 'Day of Infamy' ", he writes how the Pan American Airways FAM 14 Anzac Clipper, a Boeing B-314A flying boat, registration No. NC 18611 had taken took off from San Francisco late on the afternoon of December 5 but experienced mechanical trouble 400 miles out and had to return for repairs. "After being repaired, she had been rescheduled to leave at 2 p.m. California time on Dec. 6, but the veteran pilot, Capt. H. Lanier Turner, had been granted a brief postponement of the departure time, about half an hour, so he could attend his daughter's first piano recital at Oakland. At 8 a.m. the next morning, Anzac Clipper was less than an hour away from Honolulu when its radio officer received a coded flash warning that Pearl Harbor was under Japanese air attack. Turner's providentially late departure from San Francisco had delayed his approach just long enough to have kept his vulnerable aircraft out of harms way. Turner's "Plan A" secret instructions in the event of war rerouted Anzac Clipper to Hilo, 220 miles southwest of the combat zone. Gen. Walter C. Short, the military governor of Hawaii, had immediately declared martial law in the islands and had ordered the newly created Information Control Board, headquartered beside the Honolulu post office, to open and examine all transit and outbound civil mail."

The Anzac Clipper's mail was forwarded from Hilo to Honolulu for censorship, with transiting mail receiving the handstamped "RELEASED BY I.C.B." marking in black ink and the cellophane tape seal on the cover. This cover is unusual because it received the U.S. Navy censorship handstamp before being delivered to the addressee at Pearl Harbor. Mail to destinations in Hawaii was delivered, while flights farther west ceased.

AMELIA EARHART

50 West 45th Street,
New York City.
December 18, 1933.

Dear Miss Lambart:

I do remember your mention of the 99s during my visit to Ottawa and am glad you have had pleasant correspondence with the officers of the organization.

Speaking unofficially, I believe that it is advantageous to organize informally even a few women pilots rather than wait until a larger number have their licenses. Very often the joining together has the effect of increasing interest generally.

I have just returned from several more weeks of lecturing and have not had opportunity of reading Canadian Aviation yet. I shall try to save a minute or two in the next few days to catch up on my aeronautical literature. I am sure what you have written of the 99s will be eminently satisfactory. So, too, the notation of my visit, which was for me a very enjoyable one.

Sincerely yours,

Miss Hyacinthe Lambart,

2644 ✉ **Cannon and 12-Star Flag with Verse,** patriotic design on cover with light addressing to New York state (town indistinct), franked with **U.S. 1861, 3¢ rose** (65) tied by target handstamp, matching "Old Point Comfort, Va., Mar 22" cds, with manuscript "J.M.H." initials of John M. C.S.A. Catalog No. **CN-1C** . . . . . Estimate $500 - 750

According to a letter from Jerry Palazolo, John M. Higgins was not at City Point. He was at General Winder's office (Confederate General in charge of P.O.W. operations) and signed whatever came across his desk. Thus, it is more likely that this is a civilian Flag of Truce cover rather than a P.O.W. cover.

Estimate . . . . . $750 - 1,000

AN IMPORTANT PRISONER OF WAR RARITY WHICH G. HARRISON RECORDS AS THE EARLIEST KNOWN COVER FROM RICHLAND JAIL.
